

- (1) Transfer of official under rule-8 from Haryana Telecom Circle to CN – TX north (NTR) Delhi.

G.S. Submitted that despite the CNTX north is falling in deficit Circle in respect of vacancy of J.E. Cadre but the Circle management of Haryana is not forwarding the case to CNTX circle Delhi to get consent of accommodation of the official. The Director assured to direct the CGMT Haryana to act according to letter circulated by Corporate office in this regard.

- (2) Publication of result of JTO (T) of Punjab Circle.

The Director reciprocated that the next date of hearing in court is on 7th July, 2022 and management is trying to bring favourable outcome to publish the result of earlier LICEs.

G.S. submitted that our representative with all inputs regarding the issue was to come from Chandigarh to participate in this meeting but due to disturbance in Road/Rail traffic and non-grant of leave, they did not come, hence it is requested to fix an another date to enable us to explain the factual position in respect of the issue. Hon'ble Director accepted the request. The next meeting we try to be held on 5th or 6th July, 2022.

- (3) Denial of all facilities including issuance of presidential order to 140 numbers of A.T.T.(Earst while RM) due to wrong concept adopted at the time of conferring Temporary status and regularization.

All the 191 officials were granted temporary status w.e.f. 01-08-1998 vide GMTD/Darbhanga letter No.-GMTD/DBN/DRM/2000-2001, dt-01-05-2001. The Mazdoors were granted temporary status with a remarks that conferment will be approved to subject verification of all relevant and required documents for the purpose.

Again vide GMTD Darbhanga letter No.-GMTD/Rectt./TSM-RM/49, dt-18-07-2002, the GMTD Darbhanga issued regularization of 140 TSMs but these RMs were designated as Adhoc regular Mazdoor. Here it is a question that there was no provision of Adhoc regular Mazdoor in the guideline of DOT issued for the purpose on the eve of formation of Corporation i.e. on 29-09-2000. Again the management mentioned that the regularization will be confirmed subject to verification of relevant documents.

In between some complaint were lodged by some vested interest group best on which the enquiry was initiated against the appointment of 140 Mazdoors.

In 2010 all these Adhoc Regular Mazdoors were chargesheeted with an allegation that their appointment is based on wrong working certificates. Inquiry held for 38 RMs posted under Madhubani District and punishment to with held the increment for 6 month/1year/2 year was imposed to all the 38 officials. The period of punishment has already over and the officials have paid the price for the punishment imposed.

After 9 years of issuance of Chargesheets it was withdrawn by the order of Corporate office issued vide No.-8-1/2018-LG, dt-11-10-2018. Based on the Corporate office order the GMTD Darbhanga withdrawan the chargesheet of the officials vide letter No.-GMTD/DBN/Provisional/RM/2018/13, dt-01-12-2018.

One Shri Jagdish Sah, RM belonging to that 140 regular mazdoors was posted under ETR Patna where he has been issued with Presidential order which is most surprising and self narrating the system prevailing in BSNL.

Some of the RMs have got retirement and some were expired their families did not get a single paisa but wards of a particular RM has got appointment under CGA.

After these submission the director replied that they case is so old and needs detail enquiry.

G.S. NFTE requested to give some more time to submit the more evidence in respect of genuineness of the appointment officials and also requested the Director to consider the case on humanitarian ground as the officials have already worked for more than 20 years regularly as regular Mazdoors and before that several years as casual Mazdoors under the department of telecom and BSNL.
